AREAS..

Here at Bond No 9 we have a number of versatile areas available to reserve. Here are details of the various areas and appropriate numbers so you can find the space that's right for you.

Conservatory

40-70people £100.00 deposit required to confirm booking. (D)

Our conservatory area is a great space to while away the morning, afternoon or evening, or perhaps even all three. It is a flexible space that is generally set as a relaxed area with sofas and low slung coffee tables although it can easily be changed into an area for large dining groups, can be made to incorporate a dance floor or anything in-between.

Please feel free to ask if you have any requests and we shall certainly do our best to accommodate you.

The conservatory also has a separate sound system to the main bar meaning you can, if you wish, bring your own music for the evening on any player with a headphone(3.5mm) output and sufficient power for the evening and we will connect it up and get your favourite tunes flowing.

Alcove

15-30people (D)

The alcove area is perfect for more intimate groups. This area is generally used for relaxed drinking and also provides ample space for a buffet. Additionally it has the benefit of providing an area in the main section of the bar whilst still giving a private area for you and your group.

The alcove also gains its own section of bar allowing for easy service for your guests.

Central

1-20 people

The central section is the main strip next to the bar and close to the source. This area is recommended for drinks bookings primarily as volumes tend to be louder in this area. The central section is also where our Piano Jockeys (see entertainment) are based on a Friday and Saturday night and it is often the heart of the party.

COCKTAIL CLASSES

Our classes are very flexible and can really cover whatever you wish. Here are a few examples of some more specialised training sessions, including their prices, that we have done previously. All the classes generally last between an hour and an hour and a half and each person will receive two cocktails across the course of the session and get the full experience by getting behind the bar.

1. **CLASSICS (£20.00)** An introduction to cocktails from the beginning, covering the classic drinks that are ever popular today, enjoy tales from the past and learn how the drinks we enjoy today were created.
2. **TIKI (£22.00)**: Tropical, sticky and rum with a focus on sun sums up Tiki. From the ridiculous glassware to the intricate drinks. We look into the history and major players of the Tiki cocktail movement and make classics such as the Mai Tai and Zombie as well as a few new Tiki creations.
3. **PROHIBITION (£22.00)**: The illicit time of alcohol when cocktails boomed, we look into the goings on in the speakeasies of the U.S and some of the classics to come from this era, a time of strong liquor, strong cocktails and jazz with a blues twist.
4. **MOLECULAR (£32.00)**: A look to the future of cocktails, gastronomy meets mixology. Molecular bartending is not simply fancily presented cocktails, it looks into the combinations of flavours, textures and stimuli that contribute to the cocktail experience. There is certainly nothing classic about this session. Examples of molecular mixology are foams, solidified cocktails, hot and cold martinis and ice mixology.
5. **SPIRITS AND FOOD MATCHING (£28.00)**: Less of a cocktail class and more of a building blocks of cocktails class. We look at spirits, where they come from and how they are made as well as what they like and dislike. This session does involve some cocktails but primarily focuses on tasting individual products as well as food pairings and flavour matching.
6. **FORGOTTEN COCKTAILS (£24.00)**: Cocktails have been around for hundreds of years, and some great cocktail gems have appeared and disappeared in that time. We track cocktails through the ages, looking at how they have evolved as well as making drinks you won't find on any list, anywhere. These are the grand daddies of the cocktail world and as such have some great stories to tell.

If you have any special request do not hesitate to ask and we will certainly do our best to accommodate them. Unfortunately due to the business of the bar we cannot offer cocktail classes on Fridays and Saturdays that start later than 6pm.
